

# General Studies Programme

## Autumn Term

Each Friday evening in the Autumn and Spring terms our late prep session for our Years 6, 7 and 8 have been devoted to a series of mind-broadening lectures, workshops and demonstrations. Many have been led by teachers from local senior independent schools, others by specialists in their field. Form 3 pupils are most welcome; Form 2 are encouraged to attend whenever possible; Form 1 are expected to be present unless there is a compelling reason for absence.
